

Coding Outreach for Data Education

Student Advancement Workshop 2022

CODE OF CONDUCT

The CODE Workshop works to create a community with a common agenda, cause, and interests, who collaborate by sharing ideas, information, and resources. It is of paramount importance to the CODE Workshop planning committee that each and every person attending our virtual events has a positive and rewarding experience. To that end, we are committed to providing a safe, productive, and welcoming environment for all event participants.

We have worked with the Computer Science in Modern Biology workshop to establish this Virtual Events Code of Conduct to provide guidelines to participants and to ensure that all participants understand what behavior is expected, and what behavior will not be tolerated. All participants, including, but not limited to, attendees, speakers, CODE Workshop staff/committee members, exhibitors/sponsors, and all others are expected to abide by this Virtual Events Code of Conduct.

The CODE Workshop has zero-tolerance for any form of discrimination or harassment, including but not limited to sexual harassment by participants or our staff/committee at our meetings.

If you experience harassment or hear of any incidents of unacceptable behavior, the CODE Workshop asks that you **inform us using the contact form below or by direct email at codeworkshopou@gmail.com** so that we can take the appropriate action.

UNACCEPTABLE BEHAVIOR IS DEFINED AS:

- Harassment, intimidation, or discrimination in any form.
- Verbal abuse of any attendee, speaker, exhibitor/sponsor, CODE Workshop staff or committee members, service provider, or another event guest.
- Examples of verbal abuse include but are not limited to, verbal comments related to gender, sexual orientation, disability, physical appearance, body size, race, religion, national origin, inappropriate use of nudity and/or sexual images in public spaces or in presentations, or threatening or stalking any attendee, speaker, exhibitor/sponsor, CODE Workshop staff/committee members, service provider, or other meeting guests.
- Disruption of presentations during sessions or any virtual meetups or events throughout the virtual experience. All participants must comply with the instructions of the moderator and any CODE Workshop virtual event staff.
- Presentations, postings, and messages should not contain promotional materials, special offers, job offers, product announcements, or solicitation for services. The CODE Workshop reserves the right to remove such messages and potentially ban sources of those solicitations.
- Participants should not copy or take screenshots of Q&A or any chat room activity that takes place in the virtual space.

CONSEQUENCES OF UNACCEPTABLE BEHAVIOR

The CODE Workshop reserves the right to take any action deemed necessary and appropriate, including immediate removal from the virtual meeting without warning, in response to any incident of unacceptable behavior, and the CODE Workshop reserves the right to prohibit attendance at any future meeting, virtually or in person.

A participant who believes he or she was falsely or unfairly accused of violating this Code of Conduct should notify the conference manager with a concise description of the grievance. All grievances will be handled in accordance with existing governing policies.

Student Resources

Please read through these, and keep them for future use. These are all resources that our Instructors and TA's have suggested may be useful to you in your future STEM careers.

Pathways to Science

A hub for funding sources and information for students of all levels (k-12 to Post Doctoral) and for all scientific fields.

www.pathwaystoscience.org

CrashCourse YouTube Channel:

A fun resource for scientific explanations of biological phenomena and an entertaining scientific news source.

<https://www.youtube.com/channel/UCX6b17PVsYBQ0ip5gyeme-Q>

Kaggle

If you like to look at real data sets, machine learning and competitions:

<https://www.kaggle.com/>

Global Wellness Institute

Do you know what wellness is and how to manage it?

<https://globalwellnessinstitute.org/what-is-wellness>

Coding and R forums

Find the answers to basic and advanced questions you may have using these websites:

<https://stackoverflow.com/> - General Stack coding forum

<https://www.r-bloggers.com/> - R-specific blog

<https://www.statmethods.net/index.html> - R-specific blog

<https://gis.stackexchange.com/> - GIS Stack forum

Online Coding Courses

Looking for online courses in a variety of languages after the workshop?

Data Carpentry - Free

<https://datacarpentry.org/>

Coursera

Paid, but financial aid can be requested for as many courses as needed

<https://www.coursera.org/>

EDX

Paid, but financial aid can be requested, up to 90% per course

<https://www.edx.org/>

Addiction Services Council

Help for addiction

<https://addictionservicescouncil.org/>

Texas A&M Wildlife Job Board

Conservation/Fish and Wildlife jobs, internships, funded graduate school positions, volunteer opportunities

<https://wfscjobs.tamu.edu/job-board/>

National Suicide Prevention Lifeline

In addition to being able to talk to someone, this website has links to an incredible number of additional resources and helpful websites

1-800-273-8255, <https://suicidepreventionlifeline.org>

Now Matters Now

Free online resources, connection for help, and training for those seeking help and those seeking to help

<https://www.nowmattersnow.org>

Gender and Equality Resources

University of Oklahoma Gender and equality resources page with dozens of helpful websites covering a variety of topics

<https://www.ou.edu/gec/lgbtq/resources-education>

Rape Crisis Helpline

24/7 HELPLINE: (608) 251-7273, LÍNEA DE AYUDA: (608) 258-2567

<https://thercc.org>

The Elements of Style - Book

Easy to read writing resource to find at your library or

The Elements of Style, by William Strunk Jr. and E.B. White, originally published 1918 but there are several updated editions

W3Schools

Learning to code explained in a very simple manner:

<https://www.w3schools.com/>

Resources for Students in Oklahoma and University of Oklahoma Students

Goddard Counseling Center

Find help for mental health topics and schedule a counseling session

<https://www.ou.edu/ucc>

OU Writing Center

Get advice and feedback on any of your writing projects

<https://www.ou.edu/writingcenter>

STEM Services @ Bizzell Library

Research Help from OU libraries from highly knowledgeable and super nice librarians

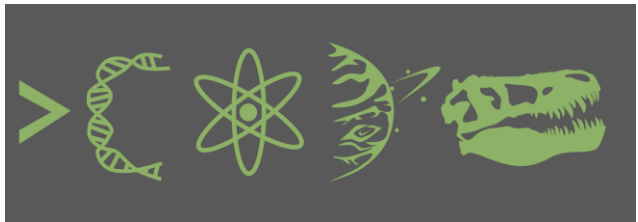

<https://libraries.ou.edu/content/stem-services>

24 Hour Reporting

Handles reports of bias, discrimination, physical or mental harassment or misconduct by OU community members:

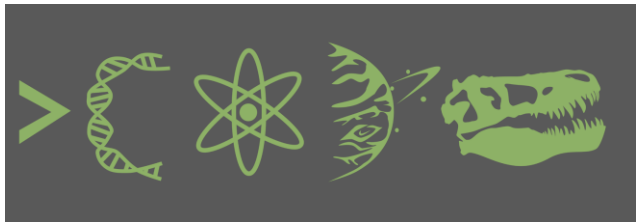

24/7 Hotline 844-428-6531, or www.ou.ethicspoint.com
